

MEGL Outreach Spring 2018

Overview

MEGL Outreach is all about sharing mathematics with the masses.

Overview

MEGL Outreach is all about sharing mathematics with the masses.

Our primary way of doing this is by creating interactive presentations that we bring into local K-12 classrooms.

Our primary way of doing this is by creating interactive presentations that we bring into local K-12 classrooms.

Our numbers this semester:
29 activities in all:

- 7 elementary schools
- 5 middle schools
- 6 high schools
- 3 libraries
- 8 “other”, including training other geometry labs on running our activities.

What's new?

What's new?

We got a new camera...

What's new?

and a new Outreach Director.

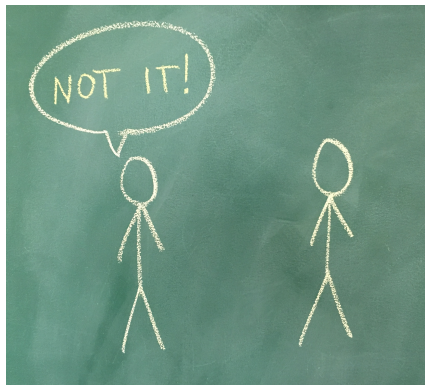

What else is new?

And we're making a new activity,

What else is new?

And we're making a new activity, *The Playground of the Infinite*.

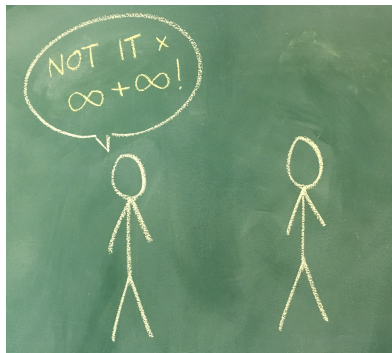

What else is new?

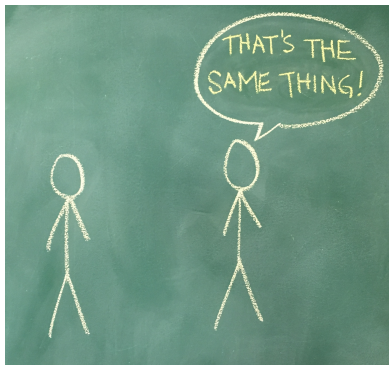

What else is new?

What else is new?

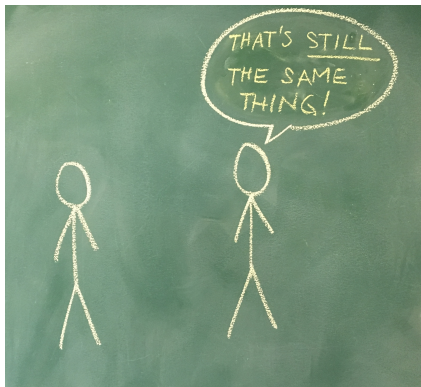

What else is new?

What else is new?

What else is new?

Thank you, volunteers

A \huge thank you
to everyone that helped run our activities this Spring.

Have a great summer!
